OUR STORY

FOR OVER A DECADE, PESACH ON THE MOUNTAIN has created unforgettable programs and retreats for you and your family. We transform five-star properties nestled close to North America's premier ski resorts so you can enjoy Pesach on the slopes without lifting a finger.

Our program has taken our guests from the Four Seasons Resort Whistler to the Montage Deer Valley, and now to the luxurious Arrabelle at Vail Square.

Our five-star programs have a variety of rooms, suites, and residences to meet your needs, direct access to award-winning ski slopes, fully catered meals under strict Glatt Kosher Supervision, daily lectures and workshops, and evening entertainment.

Combining luxury, personal service and world-class skiing is where we excel. This year we return to The Arrabelle at Vail Square, Colorado, located in the heart of Lionshead Village and just steps away from the Eagle Bahn Gondola, the most convenient and sought-after location in Vail.

On the slopes, and off, we take care of everything so that you can relax and enjoy this special family time.

Call us today to discover which room, suite, or residence will be yours to make this Pesach perfect.

A SUPERB program, characterized by tremendous warm hospitality, wonderful food, inspiring speakers & learning, a beautiful venue, delightful guests, breathtaking outdoor beauty, and amazing hosts that demonstrate great enjoyment in ensuring that everyone has a fabulous Pesach experience.

Laurie Young, Seattle

This program attracted such a lovely group of people who were congenial, kind, and generous. It was very laid back and relaxing. Every detail was thought of and carried out beautifully. The meals were beyond beautiful, generous, and lovingly prepared. It was a fiesta, every time we entered the dining room.

Meralee Schlusselberg, Texas

This was our third time with the Pesach on the Mountain, and it just gets better and better. Food, accommodation, services, entertainment are excellent and of course, so is the skiing and snow sports. I recommend the program highly.
